4th - 8th Grade

Required Forms:
Concussion
Lindsay's Law

Questions??

Contact Greg Lohman (gjlohman@yahoo.com) or Tim Baker (MUTimB@yahoo.com)

Kingdom Basketball

The Kingdom league is primarily for 3rd graders. Experienced 2nd graders can also play, however they should be familiar with the concepts of dribbling, shooting, and playing defense. The reason for this is not to be 'select', but rather to avoid situations where children who are less able to compete with older 3rd graders have bad experiences at an early age in basketball. Such experiences have led to frustration for some 2nd graders in the past, and have left some children NOT WANTING to return and play basketball again. Parents know their children best, so please consider this when registering 2nd graders for the Kingdom league. For those 2nd graders who are not at an “advanced” level, good instruction and practice is available to them in the Intramural League described below (& it’s free). **Kingdom teams normally practice on Friday nights and have games on Saturday at Kingdom in Franklin.**

Intramural Basketball

Intramural signups for Pre-K, Kindergarten, 1st, and 2nd graders will occur online in December. They will play for six Sunday afternoons starting the first or second Sunday in January. Pre-K and K will play together/ 1st and 2nd graders will play together on higher rims.
